**Subject:** RE: LPRSA - Draft 11 principles memo for your review and input

Hi Jen,

Would you anticipate reviewing a working draft with the team in a week or so to check progress/direction? Maybe about the time the other deliverable is due (Jan 18<sup>th</sup>) or latest at our meeting on the 22<sup>nd</sup>?

**Subject:** LPRSA - Draft 11 principles memo for your review and input

*Subject to Attorney Client, Work Product, Deliberative Process and/or Joint Prosecution Privileges;  
FOIA/OPRA Exempt*

Attached is an initial draft of the 11 principles memo for the upcoming CSTAG meeting.

As discussed earlier today, some sections are more developed than others.

Throughout the document you will see yellow highlighted text. I have mostly highlighted text to :

- "blank" or "X" – looking for that detail to be filled in
- Reference to a figure or table – please pull one the team think is best
- CDM/Ed/.James or FS Team or RI team – pointing out who I need help from to further develop a response. I try to provide some thoughts and steering in a direction, where applicable.
- Need to double check accuracy and make correction as necessary

You'll see that the responses to principles 7 through 11 need much more work. As we discussed today, we can draft language to talk about what we anticipate receiving in the FS, based on conversations with CPG and/or based on experience with other sediment sites.

Asking for the team to review this entire document by 1/29. That includes reviewing everything I've already drafted and providing draft language as well. Please keep the existing header on the document.

Happy to discuss any of these topics or your feedback along the way.

Thanks in advance,
